

Project Development Phase

Register & Login to IBM Cloud

Team ID	PNT2022TMID25825
Project Name	VirtualEye - Life Guard For Swimming Pools To Detect Active Drowning
Maximum Marks	8 Marks

- Register with IBM cloud.
- After Register, sign in with your credentials link.
- Sign in with IBM id and Password .
- IBM cloud dashboard will be created.

The screenshot displays the IBM Cloud Dashboard interface. At the top, there is a navigation bar with the 'IBM Cloud' logo, a search bar, and links for 'Catalog', 'Manage', and the user's account ('PRARTHANA R's Account'). The main section is titled 'Dashboard' and includes links for 'Edit dashboard', 'Upgrade account', and a prominent 'Create resource' button. Below this, a 'For you' section offers several quick-start options: 'Build' (exploring easy starter tutorials), 'Build a virtual machine' (lifting and shifting VMware workloads), 'Virtual Server Pricing' (using a calculator), 'Unlock the entire catalog' (upgrading to access more resources), 'Build a Virtual Private Cloud (VPC)' (creating a protected space), and 'Build a web app with Watson Speech to Text' (deploying a conversational interface). Each option includes a 'Getting started' button and a time estimate. The bottom of the dashboard features a 'News' section with articles about IBM's leadership in Gartner Magic Quadrant, a new SaaS offering, and new pricing for IBM Cloud Satellite. Other sections include 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'.
